

Letter of thanks to the Italian I.K.G.A.

On behalf of the European I.K.G.A. it is my great pleasure to congratulate the Board of Directors of the I.K.G.A. Italia, their students as well as all the family members who have

been instrumental to make the 2010 European IKGA seminar such a tremendous success.

The camp was superbly organized under the leadership of senseis Ignazio, Mario and Luciano.

Their ever readiness and willingness to please, gave all the participants of the seminar a warm feeling of welcome.

The training facilities, food, as well as accomodation left nothing to be desired.

The charming village of Norcia with its historical buildings and magnificent surroundings was a perfect setting to hold a seminar.

The other striking part of the seminar was the exchange of friendliness between all participants, who came from far distant parts of Europe, but meeting one and all in great solidarity and in an atmosphere of the most genuine friendship and mutual cordiality.

Once again a special thanks to all the members of the IKGA Italia.

A job well done!

If the organization of the 2010 European seminar is any indication of what the newly formed organization can accomplish under the leadership of its directors, I can honestly say that the I.K.G.A. Italia has a great future lying ahead.

With thanks, for all your work done

Yours in Karate-Do

I.de Jong
