I would like to take this opportunity to thank European Block Director Ingo De Jong Hanshi, Italian board members Laurini Sensei, Luciano Sensei, Costarelli Sensei, and also other Italian staff members for their cooperation and support to conduct the 25th European Seminar 2010 successfully.

The venue for the Seminar, accommodations, and everything else you arranged were more than I expected. Thank you so much.

It is wonderful to have been able to hold this even for the last 25 consecutive years. I would like to express my appreciation to European Block Director Ingo De Jong Hanshi and European members for their considerable efforts to have made it possible.

I would like to be able to continue supporting European Block as much as possible for the future.

I appreciate everyone especially Luciano Sensei's students for looking after me during the waterfalls tour and sightseeing tour in Rome.

The head office will prepare the certificates for those who have passed their joint grading tests and send them to Ingo Hanshi first. He will then send them out to each country.

Lastly, I hope that European Championship and European Seminar held in Hungary in 2011 will go well.
